

## *The Christian's Nurture; The Word of God*

2 Peter 1:12-21\*

---

Peter discussed the Christian's [nature] which is the work of God in the first half of chapter one. In the final half he presents the Christian's nurture, which is the Word of God. Every living thing must have healthy nourishment in order to thrive. To grow spiritually (and in all areas of life) one must have a healthy diet anchored in the Bible. The revelation we have in the Word of God shows the importance of knowing God's Word and relying on it completely. The Christian who knows what he believes and why he believes it will rarely be seduced by the false teachers and their devilish doctrines.
